# Daniella RABBANI

Acclaimed Yiddish stage actress and singer, Daniella Rabbani brings the soul of klezmer and Yiddish music to life. Described as "sympathetic and utterly alive" (New York Observer), "hilarious" (Wall Street Journal), and a performer who "will leave you twirling in the streets" (New York Times), Daniella's concerts are a journey through Jewish heritage, storytelling, and electrifying performance. For the past nearly two decades, Daniella has had the distinct pleasure of carrying on rich legacy of Yiddish music at such venues as Jazz at Lincoln Center, Town Hall NYC, The State Jewish Theaters of Warsaw and Romania with appearances in Vienna Austria, Lodz, Poland and her hometown of New York City at Central Park's Summerstage. Her debut album, Klezmerette will be released in late 2025.
